Sir:

Applicants respectfully request correction of the Official Filing Receipt mailed September 28, 2007 in connection with the above-identified application. In particular, Applicants request that the following correction be made to the Filing Receipt to correct errors in title.

In the "Title" section at page 2 of the Official Filing Receipt, please replace "Treatment of Cancer With a Novel Anti-IL13 Monoclonal Antibody" with "Treatment of Cancer With Novel Anti-IL13 Monoclonal Antibodies."

Enclosed please find a marked-up copy of the Filing Receipt reflecting the requested correction.

Applicants submit herewith a copy of the following documents as Exhibits 1-4 in support of the requested correction to the title:

Exhibit 1. Combined Declaration and Power of Attorney executed by the inventors in the subject application;

Exhibit 2. Transmittal Letter to the United States Designated/Elected Office (DO/EO/US) Concerning a Submission under 35 U.S.C. 371 filed June 22, 2006 in the subject application;

Exhibit 3. First page of the specification of the subject application; and

Exhibit 4. First page of International Patent Application Publication No. WO 2005/062972, which is the publication of International Patent Application No.

PCT/US2004/043541, filed December 23, 2004, of which the subject application is a national stage.

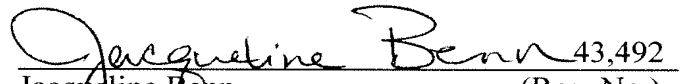

These four enclosed documents all recite the title of the subject application as "Treatment of Cancer With Novel Anti-IL13 Monoclonal Antibodies" and evidence the correct title of the subject application.

Accordingly, Applicants respectfully request that a corrected Filing Receipt be provided reflecting the above-requested change, and that the correct title be entered into the record of the instant application so that the patent issuing from the instant application recites that correct title.

It is estimated that no fee is required for correction of the Filing Receipt. However, should the Patent Office determine otherwise, please charge the necessary fee to Jones Day Deposit Account No. 50-3013.

Date: January 15, 2010

Respectfully submitted,
